WORK EXPERIENCE

2007-2008 Alberta Adolescent Recovery Center | Graphic Designer

Took part in the Public Design course at ACAD, working with non-profit agencies in Calgary. Working with a colleague, I was given the opportunity to design invites for three different annual fund raisers. The client was very happy with the work and even went so far as to enlarge the appreciation dinner invite into a five-foot display panel for the company entrance.

2007 Summer Gottschalk + Ash International | Graphic Design Intern

Collaborated on a variety of large environmental design, wayfinding and signage projects in a fast-paced team atmosphere. Was part of the team providing environmental design for the new Vancouver Exhibition Center for the 2010 Winter Olympics, among many other large clients. Took on the research and design of interpretive panels for a Calgary hospital in a more independent capacity.
